Taylor Bros. at Washington are selling out. Thomas Ham went to St. Louis this morning.

Everybody won't go to the St. Louis Fair by a big sight.

Mrs. Charles W. Forman was reported better last evening.

Miss Emma Campbell was visiting at Washington Sunday.

Mrs. Squire Thomas Downing has been very ill at her home in the county, but is now better.

Some people appear to think they are too good "to be put in" newspapers, yet good things are just what the papers want.

Miss Maria Boyd has returned from the World's Fair, and will be with Mrs. L. V. Davis at her new store during the coming season.

The Maysville Bar attended the funeral of L. W. Galbraith in a body yesterday. They also appointed a committee to draw up suitable resolutions of respect of their deceased Brother.

Alexander Dowie would solve the race question by the intermarriage of whites and blacks. Dr. Dowie doesn't care much what comes to pass as long as a lot of simpletons dump their cash into his lap.

We are showing just now an unusually fine line of Diamonds at prices that will suit the purchaser. See us when you need a watch; our watches are perfect timekeepers.

MURPHY, the Jeweler.

The fire at Mrs. White's Millinery Store yesterday evening was caused by paper boxes igniting from a stove pipe. They had been burning up paper trash and had only left the store a few minutes when the fire was discovered. It was put out with hydrant hose. The insurance on the stock is \$12,500, with \$4,000 on the house.

Mrs. Fanny Burden and two children of Sterling, Kansas, were in the city yesterday en route to visit her father, Mr. Joseph Kain, at Mt. Olivet. Mrs. Burden moved from this state and settled in Kansas twenty-six years ago, but notwithstanding she owns three farms in the grasshopper state, she still loves old Kentucky.

Board of Education

The Board of Education met last evening at the High School Building, President Sallee in the Chair.

There were present Messrs. Davis, Taylor, Hutchins, Yazell, Poyntz, Schwartz, Russell and Ryder.

The purpose was to consider the recent law proscribing certain text-books for Public Schools, especially as to its application to cities having Boards of Education, such as Maysville has.

The law in question assumes to prescribe just what books shall be used in the Public Schools of the city of Maysville, thus depriving the Board of Education of that right—a right given to it by the charter of the city.

Mr. Hutchins moved to adopt the books provided by the State Schoolbook Commission, and Mr. Schwartz seconded the motion.

Then followed a spirited discussion, Mr. Hutchins speaking for and Mr. Davis against, with Mr. Schwartz injecting a number of side remarks.

Attorneys Cochran & Worthington appeared for the American Book Company, which is most interested in having the new books accepted.

In concluding his argument, Mr. Davis said he was willing to sail his ship in the same waters with Lexington and other cities which had declined to adopt the change; besides, he was not willing to impose an additional burden upon the poor of the city by compelling them to purchase a new set of books for their children; and he moved that the motion of Mr. Hutchins be laid on the table.

It met with a second from Mr. Taylor, and the vote stood—

Yea—President Sallee; Messrs. Davis, Taylor, Yazell, Poyntz, Russell—6.

Nay—Messrs. Hutchins, Schwartz, Ryder—3.

The motion was declared carried, and the Board adjourned.

Had the result been different, about all the Board of Education would have to do hereafter would be to meet monthly and pass bills for the payment of teachers and janitors, and for coal, brooms and soap.

Barlow's Minstrels at Opera-house tonight.

Miss Allene Glasecock will resume her music class September 12th.

Editor Marsh of The Evening Bulletin is confined to his home by illness.

The remainder of the big girders for the big tobacco factory building arrived yesterday, and today the saws are a-sawing, the chisels a-chiseling, the hammers a-hammering and the carpenters a-carpentering. It looks like business now at the big plant.

A resolution rescinding all action heretofore taken in regard to the sewer question was read and adopted and a new ordinance pertaining to same and setting a time for a new election—November 8th, 1904,—was by a suspension of the rules put upon its passage and unanimously adopted.

The following permits were granted—Thomas Tolle, a stable on lot in Sixth Ward; May V. Wilson, an addition to the second story of brick residence in West Fourth street; Thomas A. Davis, a brick toilet room to business house in Second street; Grace C. Bierbower, agent for estate, coal house and closet, situated in Sutton street.

The white school fund was credited with \$667.90 from fees, polls, etc. The colored fund from same source received \$13.30.

A dog ordinance amending the one now in force was read and adopted. This ordinance is broad in scope and includes everything from a poodle to a bull pup. All dogs without a tax paid tag found in the streets are to be impounded and it will require several dollars to reclaim them.

The matter of the bad and dangerous condition of the pavement fronting Mr. George Easton's property in West Fourth was a fruitful subject for wasting time and expending wind. The matter remains just where it has been for several moons. The City Attorney will see to it.

Four \$500 bonds were ordered sold.

The matter of making the Central Hotel alley passable and cleaning out the filth was referred to a Committee.

The Mayor was empowered to issue and sell bonds and notes for the purpose of constructing the sewer. He was authorized to use \$5,000 in carrying the work up to November 8th.

Nothing further, Council adjourned.

Shirts to order, \$1.50 and up. Any style, at Nelson's.

The streetcars are having trouble in making the turn at the corner of Market and Third, where they fly the track. The Steam Roller came in handy yesterday in replacing one of the cars on the rails.

A mammoth stalk of corn has been converted into a walking cane and presented to THE LEDGER by Col. George W. Dye of Sardis. It was raised on the farm of Benton Mullikin of Robertson county, and Mr. Dye says it's a walkover cane for Roosevelt—although it's mounted with a silver head.

Will Move.

I will in a few days move into the store recently purchased from Mr. Harry Taylor, No. 39 West Second, directly opposite the State National Bank, where I will be pleased to see all who wish the latest and best in Millinery.

In the game of ball yesterday between Georgetown and Maysville the former won because they played the best ball. The score was 5 to 8 in favor of the Ohio boys. A large crowd witnessed the game.

Four Filipinos who were journeying to Lexington to enter Kentucky University were fast asleep when the train reached that city, and could not be awakened by members of the Faculty, who were at the station to receive them, in time to alight from the train. They spent the night in Louisville and returned next day.

The Chairmen of the respective counties shall cause the Republicans of their counties to meet in Mass Conventions on Saturday, September 10th, 1904, at such times and places to be designated by said Chairmen, for the purpose of selecting Delegates to said Convention at Cynthiana.

The basis of representation shall be one Delegate for each 100 votes, or majority fractional part thereof, cast for William McKinley in 1900, and the counties are entitled to the following Delegates, viz:

Bath.....	17	Lewis.....	23
Boyd.....	23	Mason.....	25

Carter.....	25	Robertson.....	13
Fleming.....	21	Rowan.....	9
Greenup.....	20		
Harrison.....	18	Total.....	333
Lawrence.....	21		

By order of the Committee.

J. H. BENNETT, Chairman Ninth District.

John D. Littlejohn, District Secretary.

Pursuant to the above call by the District Chairman, the Republicans of Mason county will meet in Mass Convention at the Courthouse in Maysville, Ky., at 1:30 o'clock p. m., September 10th, 1904, to select delegates to the Congressional Convention to be held in Cynthiana, Ky., September 16th, 1904.

Chairman Mason County Executive Committee.

A. M. January, Secretary.

If Dr. Hunter is as bad as Mr. EDWARDS says he is, and if Mr. EDWARDS is half as bad as Dr. HUNTER says he is, then neither is fit to represent the Republicans in Congress.

THE automobile has scored another point. At Newport Judge JAMES C. WRIGHT gives it as his opinion that no toll charges can be collected for such vehicles. The law enacted by the Legislature fixes rates for vehicles drawn by one or more horses, but there is no provision for the collection of toll on vehicles that are otherwise propelled. The best way to settle such controversies, however, is to follow Mason county's example—make travel free to everybody and every kind of vehicle.

THOUSANDS of Western Democrats are looking for places where the fishing will be good the second week in November.

KUROPATKIN appears to be the McCLELLAN of the Russian Army—with several LEES and STONEWALL JACKSONS among the Japanese Generals.

THE Flemingsburg Times-Democrat, speaking of the drunken brawl pulled off by some of Adjutant General HALEY's so-called State Guards in this city, adds—

"But please bear in mind that this happened in a saloon. Saloons are fine institutions, aren't they?"

In the same column of the same paper appears this—

"Sunday morning last at Cherry Grove Campmeeting SAM WOOD BRAMEL of Mason county, who was drunk, raised a row with CHARLES KEAL of this vicinity, and as a result BRAMEL received a dangerous stab over the heart and a long slash across the chest from a knife in the hands of KEAL."

So, it seems, Campmeetings, even in a Prohibition county, are not more exempt from drunken rowdies than saloons; and yet the inquiry, "Campmeetings are fine institutions, aren't they?" is hardly in order.

"THE workman who finds it in his heart to vote for HENRY G. DAVIS deserves the chain he wears. He is no fit to be a free man."

That is what EUGENE V. DEBS, Socialist candidate for President, said in opening his National campaign at Indianapolis.

Mr. DEBS also yawned—

"PARKER is the candidate of the Standard Oil Company, a man who was never heard of in Indiana a year before he was nominated."

And then Mr. DEBS threw a third fit—

"THEODORE ROOSEVELT's entire public record is one of hostility to the working class."

Bully for DEBS! And this is the same DEBS who instigated the great American Railway Union strike and riots in Chicago in 1894, and which President CLEVELAND suppressed by calling out Federal troops and the killing of a number of rioters.

DEBS is a fine example of the Socialistic idea.

BEAUTY OF SKIN PURITY OF BLOOD

Ancient and Modern Ideas on These Interesting Subjects.

UP-TO-DATE METHODS

For Purifying and Beautifying the Skin, Scalp, Hair and Hands.

Socrates called beauty a short-lived tyranny, Plato a privilege of nature, Theocritus, a delightful prejudice, Theophrastus a silent cheat, Carneades a solitary kingdom, Homer a glorious gift of nature, Ovid a favor of the gods. Aristotle affirmed that beauty was better than all the letters of recommendation in the world, and yet none of these distinguished authorities has left us even a hint of how beauty is to be perpetuated, or the ravages of age and disease defied. Time soon blends the lily and the rose into the pallor of age, disease dots the fair face with cutaneous disfigurements and crimsons the Roman nose with unsightly flushes, moth, if not rust, corrupts the glory of eyes, teeth, and lips yet beautiful by defacing the complexion, and fills the sensitive soul with agony.

If such be the unhappy condition of one afflicted with slight skin blemishes, what must be the feelings of those in whom torturing humors have for years run riot, covering the skin with scales and sores and charging the blood with poisonous elements to become a part of the system until death? It is in the treatment of torturing, disfiguring humors and affections of the skin, scalp and blood, with loss of hair, that the Cuticura remedies have achieved their greatest success. Original in composition, scientifically compounded, absolutely pure, unchangeable in any climate, always ready, and agreeable to the most delicate and sensitive, they present to young and old the most successful curatives of modern times.

Some Famous Sieges.

The obstinate defense of the Russians at Port Arthur has driven many to their books to discover comparisons with other sieges as determined and actual, which have differed from the one of which Longfellow sings: "An army of phantoms, pale and wan, beleaguers the walls of Prague." Several newspapers have already supplied informing detail of this or that siege, but a composite will now be attempted with the aid of the historical references. It was on May 13th, says The Pittsburgh Dispatch, that all land communication was shut off from Port Arthur to the Northward.

On June 1st the besieging army was so close that an attack on the outworks began. Thus 108 days have elapsed. There have been shorter and longer periods occupied in sieges.

Only twenty days sufficed to bring Cornwallis to surrender at Yorktown, and thus end the serious fighting of the American Revolution. Vicksburg stood the most notable siege of the Civil War, and it fell in seventy-nine days after the investment was complete.

It took only seventy days to starve Bazaine's big army into surrender, when it was shut within the strong fortifications of Metz in 1870. The name of Saragossa is typical of all that is desperate and terrible in sieges, for there Palafox and his gallant soldiers had the frantic and devoted support of even the women and children of the old Spanish city in their resistance to the forces of Napoleon, and the houses of the town were so solidly built of stone that they had to be stormed one after another or mined and blown up, until the superhuman exertions of the defenders forced them to yield to exhaustion and the wasting of their ranks by death.

Yet the first siege of Saragossa, or the first part of the siege, lasted only from July 27th to August 14th, 1808, and the final struggle, begun December 20th, 1808, ended February 21st, 1809, only sixty-three days later.

The defense of Plevna, in the last Russo-Turkish War, made Osman Pasha one of the heroes of military history, but it lasted only ninety-four days, or about as long as Port Arthur has held out against a greater army than the Russians used in taking the Turkish town in 1877.

Paris was too big and well fortified and held too many soldiers to be taken by assault in 1870-71, and the Germans had to invest the

French metropolis 132 days before it yielded to famine and the general hopelessness of the situation. The British forces shut up in Ladysmith held out 118 days before the Boers gave up the siege, and Kimberley was beleaguered 123 days in the same war, likewise escaping capture. Mafeking held out longer still.

The Turks defended Kars, their strongest fortress in Asia Minor, for six months before it yielded to starvation rather than Russian attacks in 1855, but the same place was taken by assault after a short siege in 1877.

When Constantinople fell before the fierce onslaught of the Turks in 1453 the siege lasted only from April 6th to May 29th, though the Sultan had been gathering his resources for the struggle a year or more. Leyden is assuredly entitled to special mention. The people of that famous town withstood two sieges, which were so close together as to be practically one.

From October 31st, 1573, to March 21st, 1574, they defended themselves against one of the finest armies that Spain ever put in the field. The siege was renewed May 2d, 1574, and continued until October 5th, and was again unsuccessful. The defense of Leyden for a whole year is said to be "unparalleled in history."

Another Dutch town, Haarlem, was besieged by the Spaniards in December, 1572; it surrendered in July of the following year. Antwerp has been through the same experience.

It was unsuccessfully besieged in 1583. During most of 1584 and 1585 it was invested by that great soldier, the Duke of Parma, and captured in August of the latter year. The story of the attack on Londonderry is brilliantly told by Lord Macaulay. The Irish Protestants defended it against James II., seeking to recover his kingdom, from April 18th, 1690, to August of the same year, when it was relieved.

The Russians showed what they could do in defending positions in the great struggle for Sebastopol. The French, English and Turks sat down before the town in October, 1854. In the following June a desperate but unsuccessful assault was made. Finally on September 10th, 1855, the town was stormed and captured. There was no surrender.

It took the allies almost a year to do the job. The defense of Lucknow has been celebrated in heroic verse, but the facts are greater than

the song, even though Tennyson was the singer. The siege began July 1st, 1857.

In September Havelock marched to the rescue and forced his way into the town. But the siege went on, the relief not being effectual. November 16th, Gen. Campbell came, but after capturing some forts of which the besiegers had gotten possession he thought it best to march away with the women and children of the garrison. Finally in March, 1858, relief came.

Gibraltar, the strongest fortress in the world, has the record for the longest investment in modern times, the English holding it against the armies of France and Spain from July 16th, 1779, until February 5th, 1783.

Military experts say now that no one can carry Gibraltar, and those who have seen the English guns on the rocky hill and the English battleships in the quiet harbor will agree with the experts. The only way in which Gibraltar can be taken is by starvation, and England has the fortress provisioned for several years now.

Farther back in history, when great walls had to be attacked with battering rams and like machines, sieges sometimes ran to great length. Troy resisted the Greeks ten years before it went down to ruin.

In the terrible siege of Jerusalem, which followed the revolt of that city against the conquering Babylonians, the doom impending was staved off a year, five months and seven days, but in 586 B. C. the defenders were overcome and destruction followed.

Titus, afterward the Roman Emperor, completed the subjugation of the Jews in a shorter siege, ending in 70 A. D., but the misery and loss of life involved in that awful struggle made it the most famous and most dreadful of all the nineteen sieges which the city had sustained in its long and bloody history.

Another siege of extreme horror and bloodshed was the one which gave Acre to the Crusaders, led by Richard I. of England and other Christian Princes.

It lasted about two years and ended July 12th, 1191. It is estimated that 300,000 lives were lost on both sides together in that terrible struggle between Moslem and Christian. When the English took Calais in 1347, it was at the cost of a year's siege, but the memorable defense of Rhodes against the Turks, in which the Knights of St. John won great renown, lasted only four months.

WHOPPERS ON WHEELS

The C. and O. Puts On a Pair of Monster Engines

The Chesapeake and Ohio Railway Company has just placed in service two of the largest passenger locomotives in the world.

These engines are of the Atlantic type and are numbered 151 and 152.

Their first service is to pull the famous "F. V. Limited" between Clifton Forge and Charlottesville.

The weight of the engine alone is 207,000 pounds, of which 155,000 pounds are on the drivers.

The tender, loaded, weighs 132,000 pounds, which brings up the total weight of engine and tender to 339,000 pounds. The tender capacity is 7,000 gallons of water and thirteen tons of coal.

The locomotives are equipped with six immense drivers and trailer wheels and can haul fifteen cars at a very high sustained speed.

THE SIGN OF THE CROSS COMING.
After two years correspondence it has been definitely settled that this famous play will at last be seen in our city. The Sign of the Cross has been a very strong attraction the past seven years in all the larger cities and it has been almost impossible for our local manager to secure this play as the company has never, until this present season, played one night stand. It is needless to say that the theater will be packed when this beautiful play will be presented.

The letter of Miss Merkle, whose picture is printed above, proves beyond question that thousands of cases of inflammation of the ovaries and womb are annually cured by the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—Gradual loss of strength and nerve force told me something was radically wrong with me. I had severe shooting pains through the pelvic organs, cramps and extreme irritation compelled me to seek medical advice. The doctor said that I had ovarian trouble and ulceration, and advised an operation. I strongly objected to this and decided to try Lydia E. Pinkham's Vegetable Compound. I soon found that my judgment was correct, and that all the good things said about this medicine were true, and day by day I felt less pain and increased appetite. The ulceration soon healed, and the other complications disappeared, and in eleven weeks I was once more strong and vigorous and perfectly well.

"My heartiest thanks are sent to you for the great good you have done me."—Sincerely yours, MISS MARGARET MERKLEY, 275 Third St., Milwaukee, Wis.—\$5000 forfeit if original of above letter proving genuineness cannot be produced.

A WOMAN'S BACK

The Aches and Pains Will Disappear If the Advice of this Maysville citizen is followed

A woman's back has many aches and pains. Most times 'tis the kidneys' fault. Backache is really kidney ache; That's why Doan's Kidney Pills cure it. Many Maysville women know this. Read what one has to say about it:

Mrs. John E. Burns of the West End near Pogue's says:

"I am greatly pleased with the benefit I received from the use of Doan's Kidney Pills, which I procured at J. Jas. Wood & Son's Drugstore, corner of West Second and Market streets. Use proved them to be the best kidney remedy that I know of. I have heard a number of persons speak of the great relief obtained from the use of Doan's Kidney Pills."

Forsale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no substitute.
